

PLAN FOR WASHINGTON

Secure of its own good record of non-violence in the demonstrations of these past few days, the Plattsburgh campus has issued to the University Communications network a statement supporting the peaceful intention of the March in Washington.

The Plattsburgh Washington Committee of the Strike Committee and the Student Association declares that the march on Washington should be a totally peaceful demonstration. It urges on each and every participant to conduct himself in every aspect of his behavior in a peaceful, non-violent manner. This statement of total non-violence has been communicated through the University Network, the AP, the UP, and the mass media in Plattsburgh.

Plattsburgh has been united and non-violent so far, let's keep up our successful protest in Washington where it really counts.

A few simple rules are:

Listen to our marshals and any of the other marshals in their attempt to keep the demonstration peaceful.

Don't overact and let your emotions carry you away into irrationalism.

We are leaving Washington as soon as the demonstration is over.

STAY TOGETHER.

MAIN FOCAL POINTS IN WASHINGTON:

Buses will be parked on Constitution Avenue.

Between 8 AM and 10 PM the meeting place will be Lafayette Square.

We will proceed from Lafayette to the spot near the White House.

Remember that we are there asking for Peace. Good luck.
